RESPONSE TO JUNE 18, 2002 OFFICE COMMUNICATION

In response to the Office Action mailed June 18, 2002 ("Office Communication"), please amend the application as indicated below and consider the following remarks.

In the specification:

Replace the pending sequence listing with the enclosed sequence listing

REMARKS

In response to the Office Communication indicating a Non-Responsive Amendment, Applicants enclose a substitute sequence listing, a computer-readable form of the sequence listing, a statement in support of the computer-readable form of the sequence listing. No new matter has been added. Applicants also offer the following comments addressing the rejections for double patenting.

Claims 1-18 were rejected for statutory double-patenting under 35 USC 101 in view of claims 1-18 of USSN 09/733,846, ("the 846" application"). The '846 application is now

abandoned, thereby rendering this rejection moot.

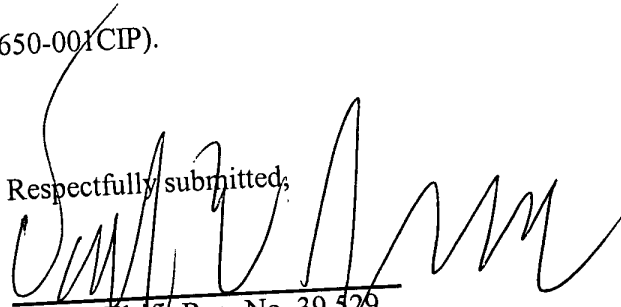

Claims 19 and 20 were rejected for obviousness-type double patenting in view of claim 19 of the '846 application. This rejection is likewise moot with the abandonment of the '846 application.

Applicants submit that the application is in condition for allowance and such action is respectfully requested.

Should any questions or issues arise concerning the application, the Examiner is encouraged to contact the undersigned at the telephone number provided below.

The Commissioner is hereby authorized to charge payment of any additional fees required in connection with the papers transmitted herewith, or credit any overpayment of same, to Deposit Account No. 50-0311 (Reference No. 22650-001 CIP).
